| Reporting Chain | | Primary Career Field | |
| | 1 st RO | OC CR3 TAFG | Sub Field 1 |
| | 2 nd RO | CR3 Prgm Manager | Secondary Field |
| | 3 rd RO | | Sub Field 2 |
| Unit Role: The Armour Main Battle Tank (AMBT) programme will deliver a main battle tank (MBT) capability out to at least 2040. This will be achieved through a series of linked projects to extend the life of Challenger 2 (CR2) to deliver Challenger 3 (CR3). These projects include addressing lethality, survivability, obsolescence and mobility. | | | |
| Position Role: Support OC CR3 TAFG and be the GFA SME within the CR3 PMO. Provide support and assist all stakeholders in the coordination, management and delivery of TAF activities until CR3 FOC is achieved.] | | | |
| Responsibilities: | | | |
| <ol style="list-style-type: none"> 1. Manage and lead the supporting workforce in all aspects of their key functions, all daily activity and departmental outputs. 2. Lead the planning, resourcing, coordination and execution of TAF activities in line with the End to End process. 3. Liaise with the wider CR3 PMO, DE&S CR2 LEP PT & contractors for interfacing projects and dependencies. 4. Provide liaison to engineering support to the CR3 Trials, Acceptance & Fielding Group and coordinate ES activity. 5. Use field experience to advise other elements of the CR3 team on current armoured trials activity. 6. Support the generation and development of learning from experience and continuous improvement documentation for the AMBT programme on trials acceptance and fielding activities. 7. Provide MBT ES support to the CR3 Incident Sentencing Committee, R Manager and provide ES input into the development of AESPs. 8. If required, act as the JAMES focal point within the TAF, ensuring the necessary ES actions and activities are undertaken and assured.] | | | |
| Pre Appt/Deployment Trg: | | | |
| 1. Trials Manager Course (can be completed in role). | | | |
| Domestic Considerations: Up to 35 nights separated service per year are a requirement of this post. Will require travel and nights out of bed predominantly within UK and occasionally internationally to attend trials and specific events beyond that expected of FTRS (LC).] | | | |
| Performance Attributes | Priority Component Features | | |
| Initiative | Essential. Must be output orientated self-starter, capable of independent action and driven to add value, as well as using initiative to evaluate priorities and meet deadlines. | | |
| Effective Intelligence | High. Needs breadth of perspective both in concept and detail. Must be able to present issues and concepts in a concise form to non-subject matter experts. | | |
| Management | High. Working with a cross-Defence team of predominantly military, with civilian and industry staff, should be a diplomat able to reconcile differences, whilst providing impetus to trials acceptance and fielding activities. | | |
| Education/Training | Type | Pri | Comments |
| Military Quals | RQMS/AQMS | Desirable | |
| Other Quals/Competencies | Incorporated Engineer | Desirable | |
| Education | CAPAC Modules | Desirable | Can be completed in post. |
